

INTERNET POLICIES & FILTERING IN FLORIDA'S PUBLIC LIBRARIES

Division of Library and Information Services

April 2, 2014

In January 2014, the Florida Department of State, Division of Library and Information Services, surveyed Florida's public libraries to identify Internet usage policies and filtering practices. There are 140 county and municipal public library administrative units and member libraries in Florida's 67 counties. Below is a per county overview of these practices:

Key Findings:

Internet Policies

Internet policies adopted by the local governing body	140	100.0%
Policies prohibit display of obscene images or images offensive to others	139	99.3%

Use of Filtering Software or Technology

Currently filter all or some computers	122	87.1%
Do not currently filter computers	18	12.9%
Total	140	100.0%

Internet Safety Program

Implemented, or plan to implement	58	41.4%
-----------------------------------	----	-------

In publishing the January 2014 data, the number of libraries was revised to more accurately reflect the organizational structure of Florida's public libraries. Please note that although the number of libraries reflected here decreased from the prior year's report, the actual number of library locations in Florida has not decreased.

Status of Internet Policies & Filtering in Florida's Public Libraries
Organized by County
Division of Library and Information Services
April 2, 2014

County	Library	Filters? Product Name	Policy?	Prohibits Display of Obscene Content?	CIPA compliant?	Internet Safety Program?
